

THE DOMINICAN REPUBLIC

WITH DISTINCTION

Crafted for the most discerning travellers,
Bahia Collection offers a distinctive vision of
luxury:: an intimate and refined elegance shaped by
the culture, history, and soul of the
Dominican Republic.

We curate **extraordinary places** to stay—secluded seaside villas, eco-lodges immersed in nature, historic estates, and charming boutique hotels. Each destination reflects a discreet art of living and a subtle sophistication, for an exclusive and inspiring escape.

Discover the island from a different perspective,
immersed in its most authentic essence. A chic
picnic on the beach, a sunset cruise, a curated rum
and cigar tasting, a sunrise yoga session in the heart
of the jungle... *Every experience is tailor-made,*
designed around each guest's rhythm and desires.

From the very first moment, every detail is meticulously orchestrated to ensure **absolute comfort**: a personalized airport welcome, transfers in premium or vintage vehicles, and discreet, punctual chauffeurs. An effortlessly smooth journey, allowing you to savour each moment to the fullest.

A private chef, dedicated butler, in-villa massage, the planning of a special event, or a romantic surprise...

Our concierge service oversees each detail with discretion and precision—offering **truly bespoke support** throughout the stay.

CREATION OF UNFORGETTABLE EXPERIENCES

Private yoga at dawn, barefoot dinner under the stars, shopping with a local stylist, exclusive catamaran cruises, surprise marriage proposals... We design exceptional moments with an eye for the finest details.

PERSONALISED TOUCHES

In-room messages, bespoke gifts, fine vintage bottles, curated playlists, a guest's favourite flowers... Our VIP service ensures thoughtful, discreet gestures that leave a lasting impression.

OUR COMMITMENT

At Bahia Collection, our commitment to **sustainable tourism** grows stronger each year, through long-term, tangible initiatives.

Deeply aware of the Dominican Republic's cultural and environmental richness—and its fragility—we choose to work with local partners who share our values: respect for nature, cultural preservation, and social equity. We deliberately exclude any suppliers or experiences that do not align with these principles.

We collaborate closely with Dominican associations, foundations, and NGOs dedicated to biodiversity, education, and the empowerment of local communities. More than financial support, we play an active role in their development by connecting them with generous travellers and potential patrons.

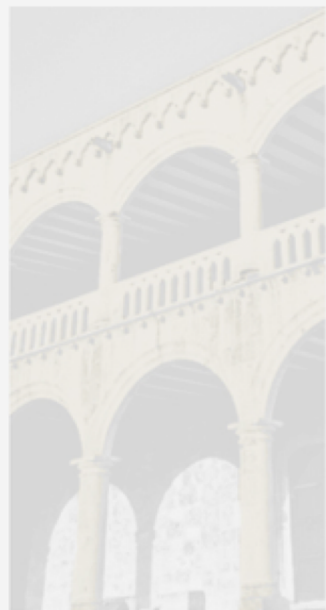

Because travelling differently also means travelling consciously.
